NOTICE TO CONTRACTORS

STATE OF CALIFORNIA
CALIFORNIA NATURAL RESOURCES AGENCY
DEPARTMENT OF WATER RESOURCES

Sealed bids for

EMERGENCY RADIAL GATE REPAIRS
CLIFTON COURT FOREBAY DAM
STATE WATER FACILITIES
CALIFORNIA AQUEDUCT
DELTA FIELD DIVISION
CONTRA COSTA COUNTY
CALIFORNIA
SPECIFICATION NO.13-15
CONTRACT NO. C51479

will be received by the Department of Water Resources at the Resources Building, 1416 Ninth Street, Room 418, Sacramento, California 95814, not later than **11:00 A.M. on WEDNESDAY, JULY 24, 2013**, at which time they will be publicly opened and read at an announced location in the vicinity of such office.

NOTE: Bidders/Visitors should allow sufficient time for checking in with Security upon entering main floor of the Resources Building.

Bids will be considered only if submitted for all the work required for the above project. The work is defined in Section 01110 – Summary of Work, and includes but is not limited to the following principal features:

- A. The project includes providing, when directed, labor, materials and equipment or services, construction equipment, and hauling of construction equipment.
- B. Refurbish and repair a complete set (three sections) of furnished stoplogs for potential immediate use. Stoplog sections are located at Skinner Fish Facility, and are available for inspection upon request.

The Department will designate acceptable off-site service providers for spot abatement and cleaning work.

- C. Loading Gate No. 2 as well as all designated components onto appropriate transportation, transporting to a designated repair shop in California, and unloading the gate and components. Gate No. 2 is approximately 28'- 4" long, 20'-0" wide, and if laid down would be 24'-6" tall. It weighs approximately 33,500 lbs.
- D. Gate No. 2 and all designated components shall be labeled, preserved and then transported to a secure location for forensic investigation and to facilitate immediate repair and refurbishment. Forensic investigation will be performed by others.
- E. Providing support for access of a hands-on inspection on Gates 1, 3, 4 and 5; this may consist of installing and removing stoplogs in order for the inspection to be performed in the dry. Hands-on inspection on Gates 1, 3, 4 and 5 will be performed by others.
- F. Repair and modification of structural members and anchorage on Gates 1, 3, 4, and 5 to immediately reduce the risk of future failure of those gates. Immediately remediate deficiencies found and identified by hands-on inspection of Gates 1, 3, 4 and 5, and forensic investigation.
- G. Repair and reinstall Gate No. 2.
 - 1) Repair Gate No. 2, tendon rod anchorage within the Bay No. 2 piers, and the lift-hoist system of Gate No. 2, including repair of any mechanical damage, as well as blast and recoat with a metalized system.
- H. Provide other support services, as needed and directed. Support services could include providing equipment and staff for performing non-destructive testing of gate components and materials, diving work for inspection or to search for gate components, and other work related to or as a result of items covered above.
- I. The extent of the project will be as determined by the Engineer and the actual amount of work required will be only as directed. No guarantee is made that the work shown or specified in the contract will be needed or directed.
- J. The details of the repairs, modifications, and other specific direction for performing the aforementioned tasks will be provided by the Engineer.
- K. Maximum dollar amount payable under this contract shall be \$2,000,000.

2. WAGE RATES

Pursuant to Sections 1770 through 1773.8 of the California Labor Code, the Director of Industrial Relations has determined the general prevailing rate of per diem wages for the locality in which the work is to be performed. Such rates are on file for inspection at the office of the Department of Water Resources, Room 418, 1416 Ninth Street, Sacramento, California 95814. Copies may be obtained from the State of California, Department of Industrial Relations, Division of Labor Statistics and Research, P. O. Box 420603, San Francisco, California 94142, telephone (415) 703-4774, fax (415) 703-4771. Prevailing wage determinations may be obtained over the Internet through California Department of Industrial Relations, Division of Labor Statistics and Research's Home Page at <http://www.dir.ca.gov/dlsr/>.

3. LICENSING

Bidders shall be licensed for the work as required by the Business and Professions Code. Contractor's license classification(s) for this work: A (Determined by Contractors' State License Board).

4. BIDDING

Bid forms for this work are included in this contract.

5. CONTRACT COORDINATOR

Questions relating to bidding may be directed to the Contract Coordinator of the Department of Water Resources in Sacramento, at the location or address given above, or at telephone (916) 653-4867.

6. SUBSTITUTION OF SECURITIES

Pursuant to Section 10263 of the Public Contract Code, the successful bidder will be permitted to substitute securities for any moneys withheld by the Department as provided by Section 10261 of the Public Contract Code.

MARK W. COWIN
Director of Water Resources
